

Helpful Tips:

Contact your organizers and service unit team before setting up any recruitment. They can help you find useful resources and tools as well as give you ideas on where the service unit most needs recruitment.

Have your leader help you use your social media to promote any recruitments events, public appearances or special displays you are working on.

Don't forget to send information on upcoming recruitments to your local council through your Membership Specialist. We will help you advertise!

*** Starred requirements are more challenging and each will earn you a unique segment to complement the main patch. You are welcome to earn any or all of these segments or just the base patch. It's up to you!**

****Only girls who complete the minimum 4 requirements are eligible to earn the base patch.**
